Dear Parents,

Please find enclosed a leaflet which is asking for your opinion on how to ensure primary schools can make all children feel included and involved.

We have worked with the Department of Education and Skills to put together a series of questions which we hope will give you the opportunity to express your views. We would urge you to consider the questions in the leaflet both as individual parents and at your parents' association meetings. We would ask you to do what you can to raise awareness of this initiative and encourage all parents to have their say on this important issue.

You can send your views by e mail to cpu@education.gov.ie

Or by post to

Central Policy Unit
Department of Education and Skills
Block2, Floor 1
Marlborough Street
Dublin 1

by Friday 22nd November.

Yours sincerely

Áine Lynch
CEO
